When choosing a transportation company, consider:

- 1.) Are the tasting fees included in the fee? (generally \$3-\$5 per flight at each winery)
- 2.) Does the company make the winery reservations for you or do you have to do the work of calling the wineries? Take your time into consideration when considering fees.
- 3.) **To be on our list of recommended transport the company must be licensed by the DOT and have agreed to the following:**

The Wineries of Old Mission Peninsula encourage responsible transportation when visiting our facilities. As transportation companies are aware, the wineries are held to State laws and high standards within the State of Michigan, the County of Grand Traverse, and the township of Old Mission Peninsula to maintain an orderly and safe environment where alcoholic beverages are being served.

Due to instances of highly intoxicated and disruptive customers being brought to the peninsula by transportation companies, the **Wineries of Old Mission Peninsula Association has implemented a responsible partner program agreement.** In compliance with that agreement and to further enforce it on Old Mission we are implementing the following changes for Limo, shuttle bus, & cab companies effective immediately.

A signed copy of this agreement will need to be on file for all Limo, shuttle bus, & cab companies to be on the Old Mission Peninsula preferred transportation list. If you are not on the preferred transportation list and have not made prior group reservations, we will require that you sign and agree to these terms.

As a transportation company, I agree to the following:

I agree to contact all Old Mission Peninsula Wineries in advance to obtain permission for a visit for groups of 10 people or more, and to give a 'courtesy notice' of any group of 6 or more. I also agree to notify the wineries in advance of any change in arrival time or plans.

I agree to highly discourage the consumption of alcohol on the limo/bus/van/etc during a Old Mission Peninsula Wineries visit.

I agree to inform my riders that if they are drinking on my vehicle that they may not take any alcohol off the vehicle at wineries or into winery parking lots

I agree on a best effort basis to make sure the customers I am bringing to Old Mission Peninsula Wineries are neither obviously intoxicated nor disruptive.

If/when advised by OMP personnel that my customers are creating a problem, I agree to immediately remove them from the property.

I understand that if my customers arrive on site intoxicated, Old Mission Peninsula Wineries must by law refuse service of alcoholic beverages.

I agree that any individual brought to Old Mission Peninsula Wineries for the purpose of consuming alcoholic beverages will be carded if they appear to be under 30 years of age, if they are under age and appear intoxicated, I agree to immediately remove them from the property.
